THE HEART OF FARMING BEATS RED

INCREDIBLE DEALS
ACROSS THE 2018
UTILITY TRACTOR RANGE

IT'S ONLY AVAILABLE IN RED

ADMIRE **RED** **DESIRED** **RED** **REQUIRED** **RED**

AFTER MORE THAN 170 YEARS WE REMAIN TRUE TO OUR VISION OF PROVIDING THE FARMERS OF TOMORROW WITH AGRICULTURAL MACHINERY THAT IS ALWAYS AN INNOVATIVE, RELIABLE AND PROFITABLE INVESTMENT.

Case IH has played a major role in shaping agriculture, with legendary ancestors including Case, International Harvester and David Brown. As the inventor of the power take-off, Axial-Flow single rotor threshing with hydraulic reversing gear, and as the pioneer of the continuously variable transmission, the Case IH heritage goes on. The pioneering vision of our forebears remains at the heart of every Case IH product to this day.

This wealth of experience has given us the opportunity to listen to you and design products that deliver precisely what you need. Our drive for innovation has led us to devise advanced technological solutions to constantly drive up our machines' performance and productivity whilst keeping them easy to use and increasingly profitable. We strive tirelessly for perfection, achieving high quality in everything. We demand of ourselves and our dealers the same high level of quality in the service we provide together to our customers.

UP YOUR GAME

AND BE THE BEST DRESSED IN THE PADDOCK!

FARMALL JX

AVAILABLE IN 4 MODELS FROM 75-110HP

More than 170 years of experience in agriculture has given Case IH a clear insight into farmers' needs. We understand what it takes to help you produce food, fuel and energy and we do our utmost to bring you the technology to make that happen. That's why we've worked with our customers to create a range of utility tractors, putting characteristics like manoeuvrability, visibility and handling at the top of the features list. The result is the new Farmall JX.

FARMALL JX 100

- ✓ Electro-hydraulic rear diff lock + 4WD engagement
- ✓ Turbo intercooled Tier 3 engine
- ✓ 12 x 12 synchro transmission with hydraulic powershuttle (40kph)
- ✓ Front weights
- ✓ Heavy-duty class 2 front axle
- ✓ 540/1000 speed PTO
- ✓ High capacity hydraulics
- ✓ Worklight package

MAXIMUM PERFORMANCE

The Farmall JX range is powered by upgraded 8000 series, Tier 3 turbocharged engines, carefully tuned to provide optimum fuel efficiency and maximum power.

COMFORT COMES STANDARD

An ergonomically designed cab or a no-nonsense ROPS platform configuration are available to suit your needs.

INCREASED POWER

The Farmall JX range features a range-topping 110 hp model offering an entirely new level of power and performance.

LOADERS FIT FOR EVERY TASK

The Farmall JX series is compatible with a range of loaders, offering you time and labour-saving advantages. Perfect for livestock operations.

FARMALL JX 100 100HP CAB + L300 HD FRONT END LOADER

FARMALL C

AVAILABLE IN 4 MODELS FROM 75-115HP

Case IH Farmall C series are hard-working, heavy-duty, deluxe tractors with flexible options to handle any application. These utility tractors feature full power, full comfort and full features and are ideal for demanding livestock duties, larger hay operations and heavy loader work.

FARMALL C 95

- ✔ 64 l/min main hydraulic pump capacity
- ✔ Electronic high pressure common rail fuel injection
- ✔ 600-hour oil change intervals*
- ✔ 24 x 24 with hi-lo + hydraulic power shuttle (40kph)
- ✔ Loader ready

*or annually, whichever occurs first.

INTUITIVE INNOVATION

Case IH has more people working hand-in-hand with producers to reach one goal: helping them be ready for the tasks at hand with easy-to-understand controls, improved technologies and more efficient power.

VERSATILITY

Farmall C series tractors can be configured for all types of work, from field to feedlot. And our selection of transmission options give you the power and control you need plus smooth and simple operation.

OPERATOR ENVIRONMENT

Work in comfort in the cab of the Farmall C series. With extra conveniences and space to stretch out, you'll power through long days and be more productive than you ever imagined.

LOADERS TO MATCH

Add a loader and one or more of over a dozen available attachments and get even more out of your Farmall C series tractor. Tackle loads with the 64 L/min hydraulic pump.

TRACTOR MODEL	FARMALL C 75	FARMALL C 95	FARMALL C 105	FARMALL C 115
Engine Type	4-cylinder – FPT			
Gross Engine HP	75	99	107	114
Maximum Lift Capacity (kg)	2150		4400	
Transmission	12 x 12 powershuttle		24 x 24 powershuttle hi-lo	
Hydraulic Capacity (L/min)	47.5		64	

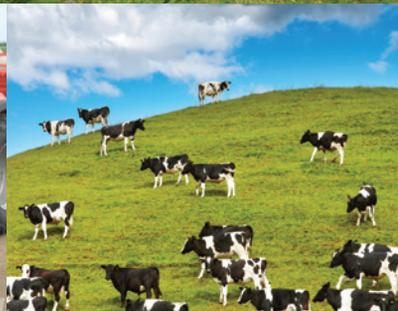

FARMALL U

AVAILABLE IN 2 MODELS FROM 105-115HP

With a more powerful engine delivering higher levels of torque and performance across the range, coupled to the proven design features of cab and transmission, new Farmall U series is a force to be reckoned with. The high power-to-weight ratio and nimble manoeuvrability makes new Farmall U even better suited to the PTO-driven tasks, front loader operation and general haulage tasks of your operation.

FARMALL U 115

- ✓ Electronic high pressure common rail fuel injection
- ✓ 84 l/min main hydraulic pump capacity
- ✓ Standard fitment 600/65R34 and 540/65R34 tyres
- ✓ Deluxe cab suspension + low frequency air seat
- ✓ 3-speed shifttable PTO (540/540E/1000)
- ✓ 16 x 16 semi-powershift transmission (40kph)
- ✓ Three configurable rear remote valves
- ✓ Loader ready with high visibility roof

FARMALL U DRIVES THE BUSINESS

This reliable hardworking utility tractor has the ability to handle the everyday tasks of operation in livestock, dairy and arable farming in either the leading role or as support to more powerful tractors. Farmall U models are equipped with a 16 x 16 40-kph semi-powershift transmission. The Farmall U series transmission was structurally developed by downsizing the proven Maxxum 16 x 16 transmission. An optional 32 x 32 creeper gearbox allows speeds as low as 260 metres/hour, and all transmissions are equipped with powershuttle, which can be modulated for medium/fast response.

SPECIFIED TO YOUR APPLICATION

An extensive range of options including front loaders, front linkage and PTO, turf, industrial or agricultural tyres means Farmall U series tractors will arrive fully equipped and ready to work. In addition, cab versions can be customised with performance monitors and ISO connector to enable data transfer between tractor and implement to suit the intended implements or task.

FARMALL U 115 115HP CAB
+ STOLL FS FRONT END LOADER
from \$95,990 + GST
or finance from \$1,608 per month*

ALL-DAY COMFORT

A large air conditioned, suspended cab with 5.2m² glass area provides a superb operator environment. Inside, a comfortable driver seat and passenger seat takes the stress out of the longest working day, while a logical control layout and clear concise information display completes the package.

*Based on 30% deposit and 48 month term of loan, GST up front.

Terms and conditions apply. See your local Case IH dealer to find out more.

TRACTOR MODEL	FARMALL U 105	FARMALL U 115
Engine Type	4-cylinder – FPT	
Gross Engine HP	107	115
Transmission	16 x 16 semi-powershift with powershuttle	
Maximum Lift Capacity (kg)	5424	
Hydraulic Capacity (L/min)	84 L/min main pump flow	
Engine Oil Change Interval	600 hours	

MAXXUM ROPS

AVAILABLE IN 2 MODELS FROM 110-125HP

MAXXUM 110 ROPS

- ✓ 4.5 litre 4-cylinder FPT engine
- ✓ 24 x 24 with hi-lo + hydraulic power shuttle (40kph)
- ✓ 3 rear hydraulic remotes
- ✓ Standard package includes canopy, dynamic front fenders and front weights

MAXXUM 125 ROPS

- ✓ 6.75 litre 6-cylinder FPT engine with efficient power technology
- ✓ 16 x 16 semi-powershift transmission
- ✓ 113 L/min CCLS high flow hydraulic pump
- ✓ 540/540E/1000 speed PTO

The trusted Maxxum series now extends into open station models, sharing many of the features and performance of the cab models – providing a heavier duty alternative to other Rops models in the Case IH utility tractor line up.

Despite its larger dimensions, the Maxxum Rops offers exceptional visibility and manoeuvrability, making it perfectly suited to front end loader applications and other demanding chores. Its Class 3 front axle and 4,800-5,300kg working weight make the Maxxum Rops one of the most capable open station tractors on the market.

**MAXXUM 110 110HP ROPS
+ STOLL FS FRONT END LOADER**

Hydraulic Capacity (L/min)	64 L/min main pump flow	113 L/min main pump flow

MAXXUM

AVAILABLE IN 3 MODELS FROM 110-140HP

Fuel efficiency and reliability are hallmarks of the proven FPT Tier 3 engines found in Case IH Maxxum models. With mechanical fuel injection and minimal electronics, you get no nonsense control and horsepower without the frills. Easy to maintain and service, this workhorse will prove itself for years in the field.

MAXXUM 125/140

- ✓ Proven 6.75 litre 6-cylinder FPT engine with efficient power technology
- ✓ 16 x 16 semi-powershift transmission
- ✓ 113 l/min CCLS high flow hydraulic pump
- ✓ High capacity lift cylinders
- ✓ 600-hour engine service intervals*
- ✓ Legendary Austrian build quality

*or annually, whichever occurs first.

OPERATOR COMFORT

Operator comfort isn't about making the work day easy. It's all about making every day as productive as possible, even when it starts before sunrise or stretches past sunset. The Maxxum operator environment is designed to make the long hours, and the tough tasks, fly by. The Maxxum series provides unmatched visibility, with a premium air suspension seat and industry-leading cab suspension on Ultimate models. All in all, the Case IH Maxxum cab provides the comfort and ease of operation needed to maximise in-field performance during long workdays.

PROVEN IN NEW ZEALAND CONDITIONS, DECADE AFTER DECADE

Maxxum has long been one of New Zealand's most popular and trusted tractor models, offering the perfect mix of agility, six-cylinder power and comfort. With an array of features usually only found in larger, more expensive models, Maxxum is perfectly suited for tasks ranging from loader work to cultivation.

MAXXUM 125 CLASSIC 125HP CAB + STOLL FS FRONT END LOADER

from **\$105,990** + GST

or finance from \$1,774 per month*

MAXXUM 140 ULTIMATE 140HP CAB + STOLL FS FRONT END LOADER

from **\$119,990** + GST

or finance from \$2,007 per month*

CHOOSE CLASSIC OR ULTIMATE SPECIFICATION TO SUIT YOUR REQUIREMENTS

For those that demand performance without the frills, the Maxxum Classic offers a more basic, high value package with essential features to ensure you get the most from your investment. Dedicated to customers looking for advanced functionality, Maxxum Ultimate includes the addition of numerous extra features and specifications such as cab suspension, additional hydraulic remotes, 3-speed PTO and automatic transmission mode.

*Based on 30% deposit and 48 month term of loan, GST up front.

Terms and conditions apply. See your local Case IH dealer to find out more.

Hydraulic Capacity (L/min)	113 L/min main pump flow		

PUMA T3

AVAILABLE IN 3 MODELS FROM 155-225HP

Designed and built for heavy agricultural applications, the Austrian produced Puma series is known for serious performance. The Puma T3 series is positioned to provide everyday farmers with access to large frame Case IH models at an affordable price, but without compromising on the things that have given Puma its legendary reputation.

PUMA 155

- ✓ Maximum boosted power output of 193hp
- ✓ 18x6 full powershift with powershuttle and auto shift
- ✓ Classic work light package
- ✓ Deluxe air seat + cab suspension
- ✓ Hydraulic trailer brakes

EFFICIENT POWER

Puma T3 provides power efficiently without the use of complicated engine emissions technology. Its 6.75 litre 6-cylinder engine with high pressure common rail electronic fuel injection delivers responsive power with minimal fuel consumption. The full powershift transmission means you can move throughout the full range of gears at the touch of a button, as well as control other key functions on the ergonomic Multicontroller armrest – common on all large Case IH tractors from Puma to Steiger.

DRIVE IN COMFORT

Case IH understands that a tractor that is comfortable to sit in for long hours will increase productivity and therefore ensure a faster return on your investment. Puma T3 comes standard with cab suspension and a deluxe air suspension seat, which work together to significantly improve ride comfort. Optional front axle suspension is available to further enhance in-field performance and driver experience.

PUMA 155 CLASSIC 155HP CAB + STOLL FZ FRONT END LOADER

from \$144,990 + GST

or finance from \$2,423 per month*

FINANCE

We're proud of our heritage, which reflects our strong ties with the New Zealand agricultural industry.

We've provided flexible financial solutions to the New Zealand market for decades, and our in-depth understanding of the market and our customers is what sets Case IH Finance apart. Working hard to understand our customers, their goals, their challenges and outlook on the future, the team at Case IH Finance can tailor financial packages and solutions to match your unique business needs and circumstances.

WARRANTY

Case IH equipment is produced in world-class manufacturing facilities. We stand by our products and trust they'll deliver years of productivity for your farming operation. As well as our standard manufacturer's warranty, we also offer our REDCover Plus Protection Plan, at no additional cost, on all Case IH agricultural tractors, to provide a full 2 years/2,000 hours of comprehensive coverage on Farmall models, and 3 years/3,000 hours on Maxxum, Puma, Optum, Magnum and Steiger models.

Terms and Conditions: Offers available for orders placed from 1st June 2018 to 31st August 2018, for delivery on or prior to 31st December 2018, at participating Case IH dealers unless extended or while stocks last. Some exclusions may apply. Contact your local Case IH dealer for full details. Finance offers are subject to normal lending criteria. Images used in this brochure are for illustrative purposes only, and may differ in appearance from model advertised. Please check specifications with your Case IH dealer prior to purchase.
